OCTOBER 2025

PRESIDENTS MESSAGE

Welcome to the 2025/2026 ski season. We are looking forward to another great year both on and off the snow, and I am excited to be part of the club again in a new role! I'd like to give a HUGE thank you to our outgoing board members: Jane Paterson, Andras Lukacs, Andrea Purcell and Bronwyn Barter. I would also like to mention that we have a new Volunteer Coordinator, April Hahn. Thank you, April for taking on this important role. The new board will start meeting later this month, and I am grateful for those who have stepped up to be a part of this club. A special thank you to Harold Roscoe for agreeing to serve as vice president and to Jacek Kisynska for continuing as treasurer.

For those of you who don't know me, I have had two kids involved with RMR since they were about 7 years old in NGSL. Atley skied through to the end of U14 and has now moved on from Alpine Racing and Miro; he is a first-year U16. My husband, Demitri, was a ski racer in Northern BC, so I often lean on him to help me understand the ins and outs of the sport. I grew up in Saskatchewan, and although I've been skiing most of my life (albeit not at an awesome mountain like Red), I have really just learned about racing through my time with RMR. It has been both fun and rewarding to be part of the club, first as a parent, then as the volunteer coordinator, and now in my second year on the board.

Looking forward to seeing you on the slopes soon!

Andrea McCormick

The legacy of ski racing at Red Mountain runs as deep as the powder on our storied slopes. From hosting Canada's first national championships in 1898 to our formal establishment as Red Mountain Racers in 1947, we've been cultivating alpine excellence for generations.

As a not-for-profit dedicated to developing exceptional ski racers across all alpine disciplines, our impact is measured both on snow and in the community. Our alumni proudly represent BC and Canada on national teams and NCAA rosters, while the fundamental skills we foster have launched successful careers in Skier Cross and Freeskiing competitions.

Beyond competitive achievements, we've helped hundreds of young athletes develop into skilled, passionate skiers who carry the values of dedication, camaraderie, and mountain stewardship into adulthood. Red Mountain Racers isn't just a club—it's a cornerstone of our community's identity and a proven pathway to athletic excellence.
